

MIDFIELD

# FAMU-FSU 1986-2017

Brianna Benedict, Thomas Cody, Cathy Brawner, Nichole  
Ramirez

08/03/2017

## **About the University**

FAMU-FSU is a joint public university engineering program founded in 1982. The FAMU-FSU engineering program is respected overall, ranked 102<sup>nd</sup> overall in 2015. Carolyn S. Griner is an alumna from Florida State University who was an Acting Director of the NASA Marshall Space Flight Center and is now a Vice President of Science Applications International Corporation. FAMU-FSU is located in Tallahassee, Florida.

## **Overview**

The FAMU-FSU College of Engineering is a joint college of Florida A&M University and Florida State University. Catalogs are divided into FSU, FAMU, and FAMU-FSU catalogs. FAMU and FAMU-FSU are in two-year increments, while FSU is in one-year increments. Some policies remain separate and are denoted as such if they are. Changes are detailed by a yearly increment when the policy was active. Note that this is meant to be a summary and does not include all and every specific detail on the policies discussed.

## Term type

- [FSU] The school operates on a semester system with four or more summer sessions.
- [FAMU] The school operates on a semester system with two or more summer sessions.

## Admissions, Engineering, 1<sup>st</sup> Year

### Deferred Admission

- [FSU] From 2006 to 2014-2015, the catalog states that students are accepted for a specific term but would need to contact the university if they do not intend on starting that term. The catalog states the student should not assume their admission will automatically be deferred. One may interpret that as deferred admission is allowed, but not automatic. Starting in 2015-2016 and after, the university requires the student to reapply and does not guarantee automatic admission.

### Dual Enrollment as Freshmen

- [All] Admitted as freshman
- [FSU] First-year applicants with college experience must furnish a transcript. After 2013, any grade under a “C” is cause for concern and an offer may be rescinded.

### General Admissions Policies

- [FAMU] GPA, SAT, or ACT sliding scales in 1986-1995:

GPA	SAT***	SAT I**	ACT***	Enhanced ACT*
2.0	1050	1140	24	25
2.1	1020	1110	23	24
2.2	990	1090	22	23
2.3	960	1060	21	22
2.4	930	1030	20	21
2.5	900	1010	19	21
2.6	890	1000	19	21
2.7	880	990	18	20
2.8	870	970	18	20
2.9	860	970	18	20

\*Added in 1991

\*\*Added in 1996

\*\*\*Removed in 1998

After 2000, the Enhanced ACT changes:

<b>Enhanced ACT (2000-2008)</b>	<b>Enhanced ACT (2008-2014)</b>
25	25
24	24
23	24
22	23
22	22
21	21
21	21
21	21
20	--
20	--

From 2014, the cutoffs change to:

	<b>SAT</b>	<b>ACT</b>
<b>Reading</b>	460	19
<b>Mathematics</b>	460	19
<b>Combined English/Writing</b>	440	18

Note: all sliding scales are for applicants who have a GPA below 3.0.

- **[FAMU]** In 1986, the GPA cutoff was a 3.0. If it is below a 3.0, it refers back to the sliding scales.
- **[All]** High School Units:

<b>Academic Units</b>	<b>1986-1987</b>	<b>1987-2006</b>	<b>2006-2013</b>	<b>2013-2015</b>
English	4	4	4	4
Math	3	3	3	4
Natural Science	3	3	3	3
Social Science	3	3	3	3
Foreign Language	--	2	2	2
Additional Electives	4	4	3	2
<b>Total</b>	<b>17</b>	<b>19</b>	<b>18</b>	<b>18</b>

- **[FAMU]** Test Requirements: In 1986-1993, the required test scores for engineering is 900 SAT and 19 ACT. After 1993, the scores are undefined, but must be submitted.

**[FSU]** Required SAT and ACT score cutoffs follow the table below

	<b>2006-2009</b>	<b>2009-2010</b>	<b>2010-2016</b>	<b>2016-2017</b>
<b>SAT</b>	1100	1620	500/500/500	Not stated
<b>ACT</b>	24	24	21/21/22	Not stated

### **Preferred admissions**

- **[FSU]** For early admissions, students must have had at least a 3.5 weighted high school GPA (2006 to 2011-2012); however, from 2012-2013 to 2015-2016) students were required to have at least a 3.9 or better weighted high school GPA. Finally, in 2016-2017, students must have at least a 4.0 weighted high school GPA to be considered for early admission.
  - 2006 to 2008: 27 ACT or 1220 SAT reading/math only
  - 2009 to 2011-2012 : 27 ACT or 1800 SAT total (this is when the writing portion was added to the SAT).
  - 2012-2013 to 2015-2016: 28 ACT or 1860 SAT.
  - 2016-2017: 29 ACT or 1880 SAT.
- **[FSU]** From 2006-2008, the cutoff GPA was 3.3. From 2008-2009, the cutoff rose to 3.5. From 2009-2013, the GPA cutoff became 3.6. From 2013-2015 rose again to 3.7. After 2015 the GPA cutoff became 3.8.
- **[FSU]** Socioeconomic preference issued through the Center for Academic Retention and Enhancement (CARE): 2006 to 2007 – “The minimum requirements for consideration include a “C+” grade point average, and either an ACT composite score of 19, or SAT total (critical reading and mathematics) score of 900.”
  - 2008 to 2016-2017: “The minimum requirements for consideration include a “C+” grade point average and either an ACT composite score of 19 or SAT total score (critical reading and mathematics) of 900. Note: Beginning Summer Term 2009, Florida public universities will use all three (3) sections of the SAT (critical reading, mathematics, and writing) in the admission process. CARE applicants should present a minimum score of at least 1330 on the SAT.”

## **Admissions, Engineering, Transfer**

### **College level hours to be considered a transfer**

- [FSU] 2010-2011 was the first year the catalog specified a minimum number of college level credit hours to be considered a transfer student. Starting in 2010 and up to 2017, students needed to have at least 12 hours to be considered transfers. Prior to 2010-2011, the catalogs only specify the 12-hour requirement for international admissions.
- [FAMU] 1986-1991, applicants who have attended another university and earned 15 credit hours are considered transfer applicants. After 1991, applicants who have earned 12 credit hours or more are considered transfer applicants.

### **Articulation Agreements**

- [All] Articulation Agreements exist with the State University System and the State Community/Junior Colleges. Applicants must meet listed requirements to be in the program.

### **Preferred Admissions**

- [All] Students transferring directly from a Florida institution immediately after receiving an associate degree will get “priority consideration” for admission, given all other requirements have been met for the university and the intended college/major.

### **Requirements to transfer**

- [FAMU] In 1986-2015, the requirements to get in are: be in good standing with the last institution; earned at least 60 semester credits; 2.0 GPA; passing scores on the CLAST; and official transcripts submitted.
  - After 1991, applicants must have 2 years or 8 credit hours of a foreign language.
  - After 2015, it is only mentioned that transfer applicants for engineering should follow the same requirements as everyone else, although preference is given to applicants who have completed engineering requirements.
- [FAMU] In 1986-1993, in order to transfer into engineering, applicants should have a 900 SAT or 19 ACT and 2.5 GPA. After this date range it is never mentioned again.
- [FSU] In 2006-2017, students must complete all pre-engineering requirements before transferring. All applicants must have a 3.0 cumulative GPA from all previous institutions. Freshman or sophomore level applicants

must also meet freshman level requirements. From 2006-2012, transfer applicants must also meet the foreign language requirement and meet their department requirements. From 2006-2011, transfer applicants must also have a satisfactory score on the CLAST.

## Admissions, International

### Requirements

- [FSU] In 2006-2017, applicants must send in SAT or ACT scores. International applicants must show English proficiency through TOEFL scores (550 for paper-based, 213 for computer-based, or 80 for internet-based). Foreign language credit can be given to English-speaking international applicants if they can furnish proof of 2 sequential units of the same foreign language in high school or 8 credits at the college level.
  - In 2007-2017, there is no mention of a computer-based score for the TOEFL. After 2010, a 6.5 is also accepted on the IELTS or a 77 on the MELAB. After 2014, a score of 55 on the PTE is also accepted.
- [FAMU] In 1986-2015, English proficiency may be proven by submitting a TOEFL score of greater than 500 (paper-based). They must also furnish a statement of health, academic credentials, scores from the SAT or ACT, and proof of a 2.00 GPA or greater.
  - From 2006-2013, the scores for the TOEFL must be the following: 550 for paper-based, 213 for the computer-based, and 80 for the internet-based. From 2013-2015, the scores change to: 500 for paper-based, 213 for computer-based, and 61 for internet-based.

## Engineering Matriculation Model

### Direct to University

- [All] Students are admitted to FSU and declared as pre-engineering until they complete “Pre-Engineering Requirements.” One can assume that the requirements typically last the first year, although the catalogs do not specify a typical amount of time a student should take. However, FSU limits the number of times a student can repeat a pre-engineering course requirement.
  - Starting in 2012-2013, students were required to have at least a 2.0 overall GPA to be admitted from pre-engineering into engineering. Students must have a “C” or better in core required courses (engineering lab, calc I, II, physics I, chemistry I) and can have one “C-” in those courses.

## Readmission for Students in Good Academic Standing

- [All] All students who leave the university on good standing must reapply for readmission.
- [FSU] After 2012, there is no guarantee that students will be readmitted.

## Grading Policies

### Audit

- [FAMU] From 1986-2017, once admitted to the university, a student may audit a course on a space available basis. The student must get the approval of the instructor. Registration of the course cannot be changed to credit after the first week of classes.
- [FSU] From 2006-2017, students may audit courses on a space available basis with the approval of the instructor. The audited course won't appear on the student's record. Students shouldn't preregister for classes they plan on auditing since they will pay an additional financial liability.

### Course Repeat policy

- [FAMU] In 1986-2015, if a student repeats a course that they had earned an "F", only the final attempt is counted in the GPA calculation and grade. A student may only repeat a course that they had earned a "D" in if it is a required course in which the minimum grade must be a "C". Only the final attempt is counted for this policy as well.
- [All] After 2015, students in the pre-engineering may only repeat 1 course out of the 5 necessary in the program if the grade is lower than a "C-". If more than 2 repeats are needed, the student cannot continue in the engineering program.
  - From 1998-2015, only 3 repeat attempts are allowed in a student's undergraduate career.
- [FSU] In 2006-2017, any grade with a "D" or "F" may be repeated. Both grades will be used in the GPA calculation, but only one attempt will be used in the credits towards graduation.

### Credit without grades

- [FAMU] In 1986-1998, credit can be received through examinations; Internal Baccalaureate (IB) with scores of 5 or higher; Advanced Placement Program (AP); or College Level Examination Program (CLEP). Transfer credit may also be accepted.

- In 1998-2017, tables are posted of credits awarded for different scores on different exams.
- In 2008, dual enrollment is noted as a way to get credit.
- [FSU] Credit can be earned through the following: Transfer credit D- or higher; credit by examination up to 60 credit hours; AP with a score of 3 or better; IB according to a table up to 30 credit hours; and CLEP according to the table.
  - After 2007, only 45 credit hours can be earned through examinations.
  - After 2008, 45 credit hours can be earned through IB.

### **Drop and Withdrawal**

- [FAMU] In 1986-2017, regarding withdrawal from all courses students must first report it to the Director of the Counseling and Assessment Center and explain the situation. Upon approval, all forms must be filled out. Withdrawal cannot be done before the withdrawal period ends.
- [FAMU] In 1986-1991, a student may withdraw upon certain circumstances. The academic advisor recommends to the dean to send the appropriate documents to the registrar. This must be done before the 13<sup>th</sup> week. In 1991-1993 students are allowed to withdraw until the 8<sup>th</sup> week. In 1993-1998 students can only withdraw until the 9<sup>th</sup> week. No policies are cited that say anything different from 1998-2002. In 2002-2004, withdrawals may be done up until the 9<sup>th</sup> week. In 2004-2008, a student may not withdraw after the 7<sup>th</sup> week. In 2008-2017, students may withdraw after the 8<sup>th</sup> week.
- [FSU] In 2006-2017, students may drop courses within the first 4 days of classes. Courses can be dropped until the 7<sup>th</sup> week with financial liability. Approval must be needed to drop below 12 credit hours or enroll in more than 18 credit hours. A maximum of 2 courses may be dropped between the 8<sup>th</sup> and 12<sup>th</sup> weeks if the student has earned less than 60 credit hours, and 1 course if the student has earned more than 60 credit hours. These courses are denoted with a “W”. Any courses dropped after the 12<sup>th</sup> week may only be done in exceptional circumstances. The student then earns a “WD”.
  - After 2008, mandated college preparatory courses, freshman composition, and courses involved in allegations of academic dishonesty may not be dropped.
  - After 2012, certain courses chosen by the dean may not be dropped in the 8-12 week time period.

## Grade Weights and Grading Scale

[FAMU]

Grade	Indication	Grade Points
A	Exceptional	4.00
B	Superior	3.00
C	Average	2.00
D	Passing but poor	1.00
F	Failure	0.00

[FSU]

Grade	Indication	Grade Points
A	Excellent	4.00
A-		3.75
B+	Good	3.25
B		3.00
B-		2.75
C+	Average	2.25
C		2.00
C-		1.75
D+	Poor	1.25
D		1.00
D-		0.75
F	Failure	0.00

### Incompletes

- [FSU] In 1986-2017, with instructor's permission, a student may be assigned an "I", and be given until the first day of the next term to complete all work. An "I" does not have any weight on GPA calculations. If the work is not complete or if the student reapplies to the course, the "I" is changed to an "F".

- Effective fall 2010; any “I” grades awarded will also be accompanied by the default grade. If the student fails to complete the coursework by the determined semester, the default grade will replace the “I” and become the final grade. Students may not complete the work at a later date and expect to replace the final grade.
- Effective fall 2013; the University will not automatically expire “I” grades earned prior to Fall 2010 or “NG” grades earned for any semester. Students must work with faculty and academic deans to resolve any outstanding “I” or “NG” grades prior to graduation. Outstanding “I” or “NG” grades that are not resolved prior to the degree posting will not be changed except in cases of error in recording. Faculty and academic deans reserve the right to expire an “I” or “NG” grade to “IE” or “GE” respectively. These grades are considered final grades and will calculate as an “F” in the student’s overall GPA. In cases where the “I” or “NG” grade was earned in a course approved for numeric grades or “S/U”, the grade will expire to the lowest possible value, generally a zero or “U”.
- 2014-2015 starts the beginning of a separate section for Incomplete Policies. It does not specify a definitive term when the work must be complete. Instead, it is up to the instructor. We do not have a code for that under "time to finish course work."
- [FAMU] In 1986-2017, an incomplete may be given if an attending student does not complete all of the required work in time. If a student re-registers for a course, the original incomplete changes to an “F”. An “I” does not factor into a GPA calculation. All incompletes must be completed by the first day of the next term or the grade changes to an “F”.

### **Miscellaneous other grades**

[FAMU]

<b>Grade (year added)</b>	<b>Description</b>	<b>Grade Points</b>
S	Satisfactory	--
N	No grade reported	--
U	Unsatisfactory	--
W	Withdrew	--
I	Incomplete	--
X	Audit	0.00
P (1991)	Pass	--
IP (2015)	In progress	--
PN (2015)	Passing, not proficient	--
WF (2015)	Walked-away failure	--

[FSU]

<b>Grade</b>	<b>Description</b>	<b>Grade Points</b>
P	Pass	--
S	Satisfactory	--
U	Unsatisfactory	--
I	Incomplete	--
IE	Incomplete Expired	0.00
NG	No Grade Received From Instructor	--
GE	No Grade Expired	0.00
W	Withdrawn while Passing	--
WD	Withdrawn with Dean Permission	--
EC	Examination Credit	--
ED	Departmental Examination	--

**Pass fail**

- [FAMU] In 1986-2017, students can take a course for satisfactory-unsatisfactory (S-U) grades. These courses that are outside the student's major/minor do not count towards the GPA.
- [FSU] In 2006-2017, students with a 2.5 GPA may take a course outside of their major or minor for satisfactory/unsatisfactory grading (S/U). Forms for

this must be submitted by the fourth week of classes. Students may only do one elective course with S/U grading per semester to a maximum to 18 credit hours. Students have 7 weeks to change the course to letter grading.

- After 2007, forms must be submitted by the seventh week.

## Academic Progress - Engineering

### Academic Good Standing

- [All] Students must have at least a 2.0 GPA for all coursework attempted to graduate.

### Consequences of not meeting required performance

- Probation
  - [FSU] See table below.

Attempted hours	Warning GPA Range	Probation Range
1 – 15	1.5 – 1.999	Less than 1.5
16 – 30	1.75 – 1.999	Less than 1.750
31 or more	--	Less than 2.0

- Students must take at least 12 credit hours, but not more than 15 during the probationary period.

- [FAMU] See table below.

Attempted hours	Warning GPA Range	Probation Range	Suspension Range
0 – 29	Less than 2.00	--	--
30 – 59	--	Less than 2.00	--
60 or more	--	Cumulative less than 2.00, term above 2.00	Cumulative less than 2.00, term less than 2.00

- Suspension
  - [All] See table above.
- Academic Warning
  - [All] See table above.
- Expulsion

- [All] Once a student is expelled, he/she may not be readmitted to the university. Students may not be reinstated after two academic dismissals.
- Clean Slate
  - [FSU] From 2006-2017, GPA will start over only if a student earns an associate’s degree with at least a 2.0 GPA, achieves a minimum GPA at certain courses at State of Florida, or gets an extraordinary approval of the approval from the academic dean.
  - [FAMU] In only 2015-2016, students may be reinstated if they earn an associate’s degree from a community college. Upon reentry, the student’s GPA is reset, but all previous grades are on the transcript and the student must maintain a 2.0+ GPA.

### Classification Hours

[All]

Freshman	0-29	Classification 1
Sophomore	30-59	Classification 2
Junior	60-89	Classification 3
Senior	90+	Classification 4

### Excess hours Policies

- [All] After 1997, a repeat course surcharge is applied after three attempts are made to pass a single course.
- [FSU] Starting in 2009, excess hours surcharge is equal to 50% of tuition for each hour in excess of 120% of the total number of credit hours required to complete the undergraduate degree. There were, however, several exceptions: 1) College credit earned through articulated accelerated mechanisms such as AP, IB, CLEP, dual enrollment, national standardized tests (ACT or SAT), etc. as defined in Section 1007.27, Florida Statute; 2) Credit hours earned through internship; 3) Credit hours required for certification, recertification, or certificate programs; 4) Courses from which the student withdraws for reasons of medical or personal hardship; 5) Credit taken by active-duty military personnel; 6) Credit hours taken to achieve a dual major while pursuing a baccalaureate degree; 7) Remedial and English-as-a-second-language credit hours; 8) Credit hours earned while participating in a Reserve

Officer’s Training Corps (ROTC) program. The threshold and surcharge changed between 2009 – 2012, as follows:

	<b>1<sup>st</sup> and 2<sup>nd</sup> years</b>	<b>3<sup>rd</sup> year</b>	<b>4<sup>th</sup>+ years</b>
<b>Surcharge Percentage</b>	50%	100%	100%
<b>Excess Hours Threshold</b>	120%	115%	110%

- The threshold for excess credit hours decreased from 2009 to 2012, while the surcharge doubled during that same time. The fall 2012 percentages held constant through 2017.
- The 2016-2017 catalog states, “Dual degrees and double majors must be declared by the end of the semester in which a student will earn ninety cumulative credit hours toward their degree program at Florida State University. In special circumstances, students may petition their primary academic dean for an exception. If a dual degree or double major is declared, but not completed, the student will not be eligible for a refund of excess credit charges accrued while working on their dual degree or double major.”
- The 2009 – 2010 catalog did not include a section on the excess credit surcharge, although the statewide policy was enacted for all students starting a Florida institution fall 2009 and later.
- [FAMU] 1998-2013, transfer students are subject to a 50% charge on credits taken in excess of bachelor degree requirements. This increased charge is applied once 115% of credits are earned. From 2013-2015, there is a 50% charge on 120% of credits over a bachelor’s degree. From 2015-2017, the charge follows the table below:

	<b>1<sup>st</sup> and 2<sup>nd</sup> years</b>	<b>3<sup>rd</sup> year</b>	<b>4<sup>th</sup>+ years</b>
<b>Surcharge Percentage</b>	50%	100%	100%
<b>Excess Hours Threshold</b>	120%	115%	110%

## Engineering Degree Progression

### Common Introduction to Engineering

- [All] In 1993-2000, students take Engineering Concepts (EGN 1382) that is 3 credit hours. In 2001-2017, the only consistent course across engineering majors is First Year Engineering Laboratory (EGN 1004L), which is one credit hour.

## Progress in Engineering Major

- **[FSU]** From 2006 – 2016/2017, students are required to meet certain milestones on their major map in order to progress in their major. Milestones may include minimum GPA, completion of key courses, and/or minimum grades in milestone courses. All freshmen are monitored for semester 1 milestone criteria, regardless of incoming credits. Students who are considered off course from the map, must meet with an advisor before registering again. Students who are off course for two consecutive semesters will be required to change to more appropriate majors in which the student will not be off course for more than one semester.
- 2006 - For progression to upper-division status:
  - Complete at least 60 hours (changed to 52 hours in 2010-2011)
  - Pass Florida CLAST or approved alternative (changed to CLAS in 2010-2011 and removed in 2012-2013)
  - GPA at least 2.0 on all work at FSU (may be higher in some majors)
  - Complete at least half of requirements from Liberal Studies curriculum, including Gordon Rule, with a minimum grade of C- in each course.
  - Acceptance by a college or school for admission to a degree program.
- **[FAMU]** From 1986-2017, students must complete 120 credit hours, have 2 semesters of residence which would be their senior year if it is their only 2 semesters of residence, earn a “C” average on all course work, and complete all core courses.
  - After 2008, at least 25% of the credit hours must be earned through FAMU.
- **[All]** From 1993-2016, students must earn a 2.5 GPA or better in Calculus I and II, Physics I, and Chemistry I prior to enrolling in any 2000 level or above engineering course. Students must also earn a “C” or better in all core courses. After 2016, the required GPA is just a 2.0 in all courses.
  - In 1993-2004, only 2 courses may be repeated to continue in the engineering program. From 2004-2019, 2 course repeats are allowed for any engineering course. From 2004-2009, only 1 repeat is allowed for EGN 1004L. In 2007-2008, only one repeat attempt may be made out of a selection of 4 courses. This changes in 2009-2018, where is it a single repeat out of a selection of 5 courses. In 2018-2019, it is a single repeat out of a selection of 4 courses again.

## Financial Aid

### Does/does not meet full demonstrated need

- [FAMU] In 1993-2004, a statement says that funding from the college does not meet full need but should be viewed as supplementary assistance.

### Standards for retaining

- [FSU] Starting in 2007, eligibility requirements for financial aid were listed separately, including at least 12 credit hours in a degree-granting program, satisfactory progress, and good academic standing. Before that, up to 2006, students only had to be registered for 6 credit hours.
- [FAMU] From 1986-2017, students earning financial aid must be a full-time student (enrolled in 12 credit hours).

### State merit scholarship program

- [All] To renew the Bright Futures Scholarship, students must earn a 2.75 for the FMS, or a 3.0 for the FAS. The table below shows eligibility requirements.

Locate your high school graduation year in Column A to determine the requirements and conditions for your Bright Futures award.

Bright Futures Initial Eligibility (Columns A-D) and Scholarship Award Information (Columns E-I) by High School Graduation Year								
FAS = Florida Academic Scholars			FMS = Florida Medallion Scholars			GSV = Gold Seal Vocational Scholars GSC = Gold Seal CAPE Scholars

2016-2017	1290 SAT / 29 ACT	1170 SAT / 26 ACT	FAS = 100 hrs FMS = 75 hrs GSV / GSC = 30 hrs	100% of program of study	100% of program of study up to 72 credit hours in AS, AAS, CCC or PSAV's; 60 credits hours in ATD's.	Within 2 years of high school graduation	Up to 5 years from high school graduation	For insufficient GPA in 1 <sup>st</sup> year of funding <u>only</u>
2015-2016 thru 2013-2014	1290 SAT / 29 ACT	1170 SAT / 26 ACT	FAS = 100 hrs FMS = 75 hrs GSV = 30 hrs	100% of program of study	100% of program of study up to 72 credit hours in AS, AAS, CCC or PSAV's; 60 credits hours in ATD's.	Within 2 years of high school graduation	Up to 5 years from high school graduation	For insufficient GPA in 1 <sup>st</sup> year of funding <u>only</u>
2012-2013	1280 SAT / 28 ACT	1020 SAT / 22 ACT	FAS = 100 hrs FMS = 75 hrs GSV = 30 hrs	100% of program of study	100% of program of study up to 72 credit hours in AS, AAS, CCC or PSAV's; 60 credits hours in ATD's.	Within 2 years of high school graduation	Up to 5 years from high school graduation	For insufficient GPA in 1 <sup>st</sup> year of funding <u>only</u>
2011-2012	1270 SAT / 28 ACT	980 SAT / 21 ACT	FAS = 100 hrs FMS = 75 hrs GSV = 30 hrs	100% of program of study	100% of program of study up to 72 credit hours in AS, AAS, CCC or PSAV's; 60 credits hours in ATD's.	Within 3 years of high school graduation	Up to 5 years from high school graduation	For insufficient GPA in 1 <sup>st</sup> year of funding <u>only</u>
2010-2011	1270 SAT / 28 ACT	970 SAT / 20 ACT	FAS = 75 hrs FMS = 0 hrs GSV = 0 hrs	100% of program of study	100% of program of study up to 90 credit hours	Within 3 years of high school graduation	Up to 5 years from high school graduation	For insufficient GPA in 1 <sup>st</sup> year of funding <u>only</u>
2009-2010	1270 SAT / 28 ACT	970 SAT / 20 ACT	FAS = 75 hrs FMS = 0 hrs GSV = 0 hrs	100% of program of study	100% of program of study up to 90 credit hours	Within 3 years of high school graduation	Up to 7 years from high school graduation	For insufficient GPA in 1 <sup>st</sup> year of funding <u>only</u>

## Policies for Students with Disabilities

### Accessing accommodations

- [FAMU] Applicants or students should contact the appropriate office to make accommodations.

### **Name of offices**

- [FAMU] The name of the program for disabled students was called “Special Programs” from 1986-2006. From 2006-2013, the name was “Learning Development and Evaluation Center (LDEC)”. After 2013, the name became “Center for Disability Access and Resources (CeDAR)”.
- [FSU] From 2009-2017, the name of the program was the Student Disability Resource Center (SDRC).

### **Position in academic hierarchy**

- [FAMU] Students and the department refer to the SPS Office in 1986. There is no mention of this in 2014, and no codes describing it otherwise in other years.
- [FSU] SDRC is under Student Services from 2009-2017.

### **Services offered**

- [FAMU] Reasonable substitution for any course or night school unit distribution may be made. Individual services will be offered on a student by student basis.
- [FSU] From 2009-2017, the SDRC provides academic support, on-campus transportation, or specific services upon request.

### **Miscellaneous**

- [All] FAMU/FSU Inter-institutional Registration policy began in 2012-2013.
- [FSU] “Effective July 1, 2009, state law eliminated the CLAST examination and replaced it with the following coursework requirements for the purpose of demonstrating college-level proficiency in English language skills, reading, essay, and computation skills” (2010-2011, p. 68).
- [FSU] Starting in 2009, students are required to have “two sequential units of the same foreign language in high school, or eight semester hours of the same foreign language in college, or documented equivalent proficiency” (2009, p. 63). American Sign Language also meets this requirement.
- [FAMU] From 1998-2002, FAMU specifies a minority program aimed towards aiding non-black minority students in their academic success.
